

DR. JENNIFER SURJANA, DACM, L.AC.

HOLISTIC FERTILITY SPECIALIST

Founder of SOURCE Fertility & Infinite Fertility
87% Fertility Success Rate | 20+ Years Experience

Dr. Jennifer Surjana is a board-certified Doctor of Traditional Chinese Medicine, the founder of SOURCE Fertility in Norfolk, VA, and the creator of Infinite Fertility, a virtual fertility program serving women worldwide.

Known for her ability to help women conceive naturally - even after failed IVF or years of unexplained infertility - Dr. Surjana has spent over 20 years guiding couples to pregnancy using a drug-free, root-cause approach that blends Traditional Chinese Medicine, functional diagnostics, and deep energetic alignment. Her proprietary ORIGIN Method has produced an 87% success rate, and she is one of the most sought-after fertility doctors in the U.S.

More than a practitioner, she's leading a quiet revolution in fertility care—one that invites the body to remember how to heal, rather than forcing it to perform.

"The body doesn't need to be controlled. It needs to be remembered."
